Public Policy Priorities

Our public policy priorities support our mission to collectively advocate along with the state’s 23 Community Action Agencies for an end to poverty. Every day we work together to help MA residents living with low incomes to stabilize their lives and achieve economic prosperity.

Our Top FY21 Budget Priorities

🔹 Strengthening Families through Affordable and Accessible Early Education and Care

Early Education and Care programs prepare children for success in school and life. Support for retaining early educators and the Head Start program is essential.

- Increase Early Education Teacher Salary Line Item (3000-1042): $30M
- Increase Head Start Line Item (3000-5000): $15M

绿地 Bridging the Wage Gap

For low-income wage earners, the resources they access at VITA sites make all the difference. VITA sites not only provide free tax prep and access to EITC and other tax credits, but also offer financial education and links to other critical services, strengthening families and the local economy.

- Increase Resources for Volunteer Income Tax Assistance (VITA) Program Sites (1201-0100): $800,000

🏠 Creating a Foundation for Economic Opportunity

Fuel assistance is critical in helping families meet fundamental needs and achieving stability serving as a platform for economic opportunity and mobility. Fuel assistance needs to be a defacto federal and state partnership.

- Add Supplemental FY20 Allocation for Fuel Assistance: $15M
- Add State Fuel Assistance Line Item for FY21: $10M
