

Program Manager, Financial Empowerment

MASSCAP is the association of the 23 Community Action Agencies (CAAs) – federally mandated anti-poverty agencies serving close to 600,000 people in virtually every city and town in the state. CAAs were created more than 55 years ago as part of the war on poverty to eliminate the paradox of poverty amidst plenty and to foster economic mobility and stability among our vulnerable friends and neighbors living with low incomes.

We do this by integrating and blending over 100 services including fuel assistance, food pantries, Head Start, free tax preparation at our Volunteer Income Tax Assistance (VITA) sites, job training, adult education, financial empowerment, homelessness prevention and much more. CAAs also work closely with local allies in coalition to address emergent and ongoing needs and advocate locally and on the state level on behalf of the people we serve.

The Program Manager for Financial Empowerment will proactively lead, manage and strengthen the MASSCAP [Volunteer Income Tax Assistance \(VITA\)](#) network on an ongoing basis in the context of MASSCAP's financial empowerment initiative. The VITA Manager will also work with MASSCAP lead staff and the network of VITA sites operated by 21 of our 23 Community Action Agencies. Free tax preparation provided by IRS certified volunteers that helps low income tax payers access the Earned Income Tax Credit (EITC), other tax credits, and recently COVID relief payments, is critical to addressing a prime driver of poverty – the wage gap.
